

Court House Fails to Fill Space Demand

Planners Give Study To County Office Building

CALL MEETING
Session Monday Will Seek to Further Project

Immediate construction of an office building in Redwood City to take care of the shortage of space in the San Mateo County Courthouse was discussed informally by the San Mateo County Planning Commission here Wednesday.

District Attorney Edmund Scott, who brought up the subject, said that a saving of several hundreds of dollars monthly could be effected if the outside office space now being rented could be eliminated.

Officials who have their offices outside the courthouse now include Surveyor James S. James, who moved out of the courthouse to make room for County Manager Walter T. Kellogg only last week; Dr. J. C. McGovern, public administrator and coroner; Dr. F. Holmes Smith, San Bruno, county health officer; County Agricultural Commissioner Max Leonard, and others.

No Offices at All
In addition several county officers have never had suitable quarters or any at all, including Probation Officer Francis Robinson, Chamber of Commerce Manager Roscoe Wyatt, Fire Warden Bert Werder, Sealer of Weights and Measures John Garibaldi, etc. The office building, if erected, would make way for the retention of the courthouse solely for functions of the court and supervisors.

The district attorney's office and the county clerk's office would remain in the courthouse building because of their connections with the courts.

Supervisors to Get Space
Some alterations at the offices downstairs which would be vacated would make possible a supervisory chamber.

The supervisors have been forced to crowd into the small library because their chamber is busy during the week for court sessions.

The office building would be financed as a public project under the national recovery act. Thirty per cent of its cost would come to the county free of charge as an outright grant from the federal government. The balance of the cost would be borne by the county under a loan which would be retired over a 25-year period at low interest charges.

Federal Financing
This is one of the projects expected to be included in the county's share of the public works bill.

It will be discussed further by mayors and city engineers of peninsula cities along with other projects at an invitational dinner to be held Monday night in the Hotel Benjamin Franklin in San Mateo at 8:30 o'clock.

The planning commission is studying the courthouse problem as part of the long-term planning program which the supervisors have asked it to undertake with reference to the public works plan of the national congress.

Among items advanced for the new office building is that of the old detention home at the corner of Middlefield road and Marshall street. Whether or not this would be adequate was conjectured.

Eight Graduated From Elementary School, Portola

WOODSIDE, June 14.—The following is the program which was given at the Portola school last week when eight were graduated. The Toy Orchestra played two selections, "The Secret" and "Skater's Waltz," and a mixed chorus of the upper grades rendered four numbers: "Ash Grove," "Last Night," "Trees" and "The Dancers." Mr. J. Hall of the San Jose State Teachers' College read a play "In a Florist Shop."

Miss Pansy J. Abbott, county superintendent of schools, gave an address and presented diplomas to these boys and girls: Jessie Betencourt, Vivian Silva, Elizabeth Skrabo, Jack Schoellhamer, Fred Mark, Edward Jelich, Billie Nahmens, and John Duzanica.

Mr. and Mrs. H. M. Harry Jr. arrived here last Saturday evening from their home in Tulsa, Okla. They plan to spend the summer with Mr. Andrew's mother, Mrs. Emma Andreen at her home on the Woodside road.

CORE OF THE HARBOR PROPOSAL EXPLAINED

Kernel: Substance in the shell; core. The kernel or core of the Harbor District project is simple.

It is not a vote for funds. It is a vote for industrial development, and for employment.

It is a vote to make it possible for San Mateo county to participate in the federal relief funds to be distributed through the Public Works Bill (\$3,300,000,000), and put to work hundreds of our citizens who are now in want.

It is a vote to place San Mateo county on a par with Oakland, Richmond, Alameda and San Francisco in the opportunity to create terminal rates, and work for industries on an even basis with other San Francisco bay counties.

It is a vote to take the first definite step toward the realization of San Mateo county's greatest and most plain opportunity—to make the bayshore flat lands a great rail and water terminal, with industry, which must have terminal rates in order to compete with industries located in other centers, developing the lands in and about the harbor, and providing the greatly needed new source of taxes for government and public improvements.

The kernel or core of this election for a harbor district is just this: You are voting to determine whether your home or retail business will hereafter as in the past carry ALL THE LOAD of evermounting taxes until your property is confiscated (and that day is not so far off) by a load greater than it can bear, or whether you will help to establish an industrial-commercial-shipping-processing-boxing-crating-labeling area employing thousands of people and giving us prosperous industries to carry a large part of the tax load.

It is one or the other—the load is on your home or on productive business.

Productive manufacturing cannot locate in San Mateo county until we have terminal rates.

We cannot have terminal rates except by a deep water harbor.

We cannot take any further steps to build a harbor until we have a legal district to do business with the government.

When we have that—an official harbor district and board of three unsalaried commissioners—we can ALMOST CERTAINLY secure the entire cost of the harbor under the provisions of the Public Works Bill, with absolutely no cost to the taxpayers.

Will we do it, or will we allow the greatest opportunity which has ever come to San Mateo county to lapse?

Vote "yes" on this proposition.

Racing Bill Is Supported By Breeders

With the June 27 election less than two weeks away, and legalized racing as one of the principal issues to be decided, Tanforan enthusiasts today are eager in anticipation of the outcome. Even with certain allegedly powerful interests in the state allied against the legalization of the horse racing, sportsmen in this county concede it a more than even chance of success.

Officials at Tanforan have expressed themselves as favorable to the legalization measure, not because it will enable them to gain any greater return, but because it brings recognition to what they term a legitimate California industry.

They point out that already information has been requested from various sections of the east, regarding location of big breeding farms in California should the measure pass. In addition it is estimated that the state's share of racing receipts will amount to several millions of dollars annually, thus adding to ease the burden of a tax-laden people. Backing the proposal are some of this county's most outstanding citizens.

At Tanforan Saturday at least two handicaps will be offered as features of a nine-race program. Changed conditions and reduction of the racing week to four days, under the new leadership of J. P. Atkin, have brought renewed interest and better contests at the San Bruno track.

Devonshire Water Fate With R. R. Body

SAN CARLOS, June 14.—Fate of the Sierra Finance Company's plan to operate the Devonshire water company rests with the state railroad commission. After a lengthy hearing of the petition at the commission office in San Francisco, the matter was taken under advisement by Commissioner W. C. Fankhauser.

Attorneys Charles N. Kirkbride, Ernest Wilson of San Mateo and City Attorney Albert S. Mansfield were retained by the city council of San Carlos to represent water consumers of the affected area.

An accurate division of Lake Erie by Prof. C. E. Sherman of Ohio State University, gives Ohio 3540 square miles of that body of water.

Many Witness Morey-Kearney Wedding Rites

Several hundred friends and relatives of the two families concerned witnessed the marriage last Saturday in the Church of the Nativity, Menlo Park, of John Broggi Morey, Menlo Park contractor and business man, and Miss Marian Kearney, business secretary of San Francisco. The bride is a niece of Patrick Kearney, Menlo Park, and a cousin of Officer Thomas Kearney and Miss Julia Kearney.

Altar Decorated
The high altar of the church was a veritable bower of the loveliest of the summer flowers. Organ music by Mrs. Frank Mansueti filled the church as the congregations assembled to attend the nuptial mass and witness the union of the happy young couple. Hymns were sung by the gifted organist also.

The playing of the pleasant strains of "Here Comes the Bride" heralded the advent of the young couple up the aisle of the church. The bridegroom was escorted by his best man, Marion Biggs, with whom he played on the Palo Alto Baseball Club, and members of his family.

Preceded by her bridesmaid, Miss Rose Swords of San Francisco, and her maids of honor, Misses Madeline Morey and Mary Weston, the bride advanced on the arm of her father, Thomas J. Kearney of San Francisco. The bridal party knelt inside the altar rail as the nuptial mass which was celebrated by Father Burke, assistant pastor, commenced. The young couple were then united in the bonds of holy matrimony by the youthful priest.

Present also inside the altar rail were Father Lyons, president of Santa Clara University, where the bridegroom was educated, and Father Thomas J. Kennedy, the revered pastor of the parish.

Congratulations
A hundred or more of those attending the church ceremony were guests later at a wedding breakfast and reception held at the Wood Inn on the Middlefield road.

Weston, a prominent Palo Alto merchant and close friend of the bridegroom, acted as toastmaster and called on many of those present for brief talks. Everybody responded in happy vein. Guests from Vallejo and the bay cities were every happiness to the newlyweds. It was pointed out that at least one of the guests present, Frank Maloney, was present at the wedding of Mr. and Mrs. Harry Morey 27 years ago.

Monk's Honey Moon
Shortly after the reception ended Mr. and Mrs. John B. Morey were on their way to Simms, Mont.

Hearings On Plan to Use Land Are Set

Ordinance Result of Intensive Study By Commission

FIXES ZONES
Dates Are June 28th, July 14th, at Courthouse

Two public hearings on the "land use plan" for Southern San Mateo county were set today by the board of supervisors.

The first of these will be held at 7:30 p. m. on June 28 and the second at the same hour on July 14. Both meetings will be held in the supervisory chambers at the courthouse.

Roughly all territory south of Redwood City is included in the first section of the county's master plan. The ordinance regulates uses of lands according to zones, and affects types of buildings and businesses to be established.

The plan is the result of many months of study by the San Mateo County Planning Commission and many public hearings in the various sections affected.

Potter Resigns Presidency of South S. F. Bank

SOUTH SAN FRANCISCO, June 12.—Ira H. Potter, 44, president of the Bank of South San Francisco, has submitted his resignation.

E. P. Kauffmann, city treasurer, is said to be the one most strongly considered as a successor to Potter. Kauffmann, it is declared, has acquired Potter's stock and is now in the process of organizing a new bank. It has been operated by a conservator since March 15.

Potter has been president of the bank since January 1, 1922.

S. F. Public Works Projects Include Large Expenditures in S. M. Co.

San Francisco's projected \$100,000,000 public works program which will be recommended for inclusion in the national recovery act will see the expenditure of \$3,160,000 in San Mateo county if successful.

This will be in addition to a program being formulated by San Mateo county supervisors and planners for inclusion of the Redwood Harbor, building of the Ocean Shore highway, San Joaquin to the Sea highway and Woodside-La Honda highway.

San Mateo county leaders are favoring the Woodside-La Honda highway as more practical and of greater need than the Alpine road recommended by the state highway commission. The latter is center of a political dispute because it passes so closely to the Governor's residence on the Skyline.

Also under consideration in the county's program is an addition to the courthouse and a link via Ralston avenue, Belmont, connecting the Bayshore and Skyline boulevards.

In San Francisco's program, San Mateo county projects include: Roads at the Hassler health farm near Redwood City \$ 10,000 Livestock pavilion in Visitation Valley 1,250,000 Widening the Mission road from the San Francisco county line to Colma 800,000 Work in the Pedro Mountain section of the Ocean Shore highway and other units 500,000 Further extension into San Mateo county of the Junipero Serra boulevard 600,000

Ex-Service Men Invited to Join Civilian Corps

A call for a limited number of ex-service men registered at the Redwood City unemployment relief office to join the Civilians' Conservation Corps has been issued by Capt. Edward Macauley, county director of unemployment relief.

Former service men wishing to enroll in the conservation program are requested to report at the local office on Jefferson avenue with their discharge papers.

Mrs. W. H. Weeden and her grandson celebrated their birthday together on June 14 by having a family dinner. Mayor Weeden returned from Honolulua for the affair.

County Goods To Be Listed In Inventory

All Possessions Will Be Included for Budget Study

FIRST OF ITS KIND
Kellogg Asks County Department Heads For Lists

Compiling of an inventory showing the county's entire possessions is being made by Walter T. Kellogg, county manager, in connection with his salary and personnel survey, he announced today.

This will be the first exhaustive inventory in the county's history. Included will be all county property—typewriters, desks, trucks, scrapers, road equipment, automobiles, hospital equipment, fire and police equipment, adding machines, etc.

The need of such a record has long been felt in San Mateo county, but no real inventory has ever been attempted in recent years.

Manager Kellogg said the payroll and personnel study, which he began yesterday, and the inventory today, are the first two steps in getting ready for the budget studies.

These moves, he said, are the preliminary steps which would be taken by any executive of a private corporation and are the first moves toward applying the principle of business management to county government.

The manager did not blame any group in particular for the lack of proper inventories in the past, but said this was due to a decentralized government. With a head to county government, Kellogg said, there is now a chance to fix definite responsibility.

Efforts by the manager in modernizing the county government as provided for by the charter are being met with hearty approval of the county officers, Kellogg said.

Foley-Burke Carnival to Open Tuesday

Once again, with the coming of summer and sunshine, Foley and Burke's shows will appear in this community beginning Tuesday, June 20.

The gigantic aggregation of riding devices and shows, the largest of its kind on the Pacific coast, will come here in 25 rail-road cars.

Containing all the latest inventions to amuse young and old, striving always to bring the newest amusements, the show this year presents for young and old alike a feature in the newest ride thriller the "Junior Speedway."

Some of the new attractions are: "Hey Day," "Whip," Ferris Wheel, "Tumble Theatre," Crystal Palace" and Merry-Go-Round. The show will be at Five Points for five days commencing Tuesday, with a matinee each afternoon at 2 o'clock for ladies and children.

Safeway Boosting Use of Lamb Meat

Safeway Stores, western food concern, will immediately start conducting a sales endeavor to stimulate the use and demand for the product of the western wool grower, according to an announcement made by Mr. William Bolesworth, district manager of the Safeway and Piggy Wiggly meat markets. From June 23 to July 1, inclusive, 2726 meat markets in 18 western states will dedicate their entire efforts to the selling of lamb. This will be a series of organized-wide sales efforts to benefit the western farms and manufacturers.

Welch to Retire On State Pension

Walter Welch, widely known here, and connected with the fish and game commission for more than thirty years will go out of office on July 1 with a pension.

PENINSULA CAPITALIST ACQUIRES BIG FRONTAGE OF BROADWAY PROPERTY

REDWOOD CITY was the center Monday of the year's outstanding realty investment on the peninsula when two blocks of Broadway property were acquired by David J. Davis, Australian capitalist.

Davis, who owned the late Phar Lap and other notable horses, plans the investment of half a million dollars in the development.

The deal, confirmed on a wire from Chicago today, is looked upon locally as the expression of full confidence in the future commercial life of the city.

It also marks the return of big capital to land investments, realtors here declared.

Ward's to Move
Center of the deal is the removal from Upper Broadway of Montgomery Ward & Company, which will occupy a new home on Broadway between Hamilton and Winslow streets, east of the railroad.

The department store will be housed in a new two-story, full basement reinforced concrete building on the site of what is now Foley's Garage.

This adjoins the California Pacific Title & Trust Company offices.

The store will have a 60-foot frontage on Broadway and a depth of 150 feet. It will also have an outlet to Hamilton street, as the lot is L-shaped.

Old Foley Property
Davis has purchased this particular site from Mrs. Mary Foley, widow of the late Patrick Foley, who acquired it from the Lee estate of San Mateo, and who

Beer Law for County Held Up One Week

San Mateo county supervisors have delayed for another week the adoption of the proposed county beer ordinance.

The board, however, did fix the license for "on the premises" consumption will be \$20 per year, instead of the maximum of \$50 fixed by the state legislature.

For "off the premises" consumption a license of \$10 per year will be made. Those who hold the cheaper license must also secure a \$4 per year license to handle soft drinks.

Supervisor Albert Witt, Colma, declared there is need of regulating the places where beer is sold as "even shoe shops are selling it."

The board decided to give a week's study to this matter.

EDMUND SCOTT TO ADDRESS LODGE

Past Dictator Merton Hughes of Redwood City Lodge No. 1112 Loyal Order of Moose, has arranged to have District Attorney Edmund Scott address the meeting on June 14th. Mr. Scott will give a ten minute talk concerning the origin of the American flag in honor of Flag Day.

Judge Upholds Public Sale of Lloyd Park

McNutt's Decision Is Similar to That Of Buck

CORYELLS LOSE
\$107,217 Sum Owed For Paving in Tract

Taking the same stand as his predecessor, Superior Judge Maxwell McNutt today removed all barriers to the public sale of the Lloyd Park tract in Atherton.

Sale of the land is desired by the Peninsula Paving Company to satisfy a judgment for \$107,217.90 due for improvements made in the subdivision in 1928.

Judge McNutt, who granted J. E. Coryell and his wife, Mabel Coryell, a new trial in the case after former Judge George H. Buck had ordered the land publicly sold, did not allow the \$2500 damages for alleged defective work which had been granted by the former jurist.

This was the only difference in the ruling between the two jurists.

Judge Buck allowed the Coryells \$15,000 damages for asserted defects on September 14, 1932, but reduced this sum to \$2500 on November 18. Judge McNutt removed the amount in his judgment, allowing no damages for any alleged defects.

The jurist found that George Kneese, former county engineer, was the agent of Mabel Coryell and as such had accepted the work done by the paving company.

The jurist also found that there is "no evidence of fraud practiced by or on the part of the Peninsula Paving Company." The work was done under a contract entered into on March 21, 1928.

Judge McNutt fixed the amount due as asked, \$107,217.90, and interest of 7 per cent from September 7, 1928.

The American Trust Company of San Francisco brought the action to be instructed "what to do" as trustee.

New Gilmore Gasoline In Tanks Today

Heralding another Gilmore achievement, announcement comes this week from the offices of Earl B. Gilmore, president of the Gilmore Oil Company, of the new "Fortified" Gilmore Red Lion gasoline.

Co-incidental with the announcement, and with the marked progress of the company in this territory, congratulations have been received by Joseph A. Leonard, San Jose branch manager for the Gilmore company, who states that the new type motor fuel represents the perfection of a revolutionary method of gasoline production, upon which Gilmore engineers have worked for two years in the laboratory and on the speedway.

Regarding the new product, Earl B. Gilmore, president of the oil company which bears his name—one of the pioneer independent petroleum companies of the Pacific coast, established in 1903—makes the following statement:

"The method of production is not more refining, because the new gasoline is actually built. The tiny molecules are re-formed to produce a high volatility index, combined with anti-knocking rating, that makes the use of extra-prime gasoline unnecessary. The 'fortifying' process permits the releasing of the maximum anti-knock horsepower of the liquid gasoline, enabling each motor to develop its capacity rated horsepower. There is no waste."

Two Injured When Car Strikes Branch

Skidding on the Skyline boulevard near Kings Mountain, an automobile driven by Miss Frances O'Donnell, 2611 Diamond street, San Francisco, pinned her beneath it when it overturned Sunday.

Miss O'Donnell is believed to have suffered serious spinal injuries. Her companion, Earl Van Dyke, 124 Coleridge street, San Francisco, escaped with cuts and bruises.

Both were treated at the Mills hospital, San Mateo.

Woman Is Gored By Angry Cow

Selma Vestal, residing on Oak avenue, was gored by a cow near her home last Wednesday. The woman was thrown to the ground by the enraged animal. She suffered severe wounds on the side of her body and head. She will recover.

Buck Not to Sell Property; Renews Loan

Renewal of a loan of \$18,000 on the 100-acre Horgan ranch for one year was approved Saturday by former Superior Judge George H. Buck.

Judge Buck loaned the money originally in 1928 and recently sued to sell the land when default was made on the principal, interest and taxes.

He reported that he does not want the ranch but his money, and sought disposal of the property only to prevent the outlawing of the original note.

Taxes over \$2,500, interest over \$1,100 and costs over \$500 were paid to Judge Buck by Lewis Levin, who recently secured title to the property.

The deed of trust between Judge Buck and Levin was filed today with County Recorder T. C. Rice.

It bears date of today.

Hall and Lee Ross represented Judge Buck and Joseph Bullock represented Levin.

Motorcyclist Crashes Into Wagon, Killed

Crashing his motorcycle into the rear end of a wagonload of hay late Monday, Sergt. John F. Trybus, 30, of the service company, 30th Infantry, San Francisco Presidio, was hurled 30 feet and killed. The mishap occurred on El Camino Real in Millbrae.

Levy Pipkin, employee of the Millbrae Dairy, was driving the wagon. Capt. Paul Perussina of the state bureau, and Officer Lawrence Furio Bligme, investigated the mishap.

Richard Wheeler, 39, of 584 Hensley avenue, San Bruno, was under treatment late yesterday at the South San Francisco Hospital for injuries incurred in another accident when his car and a second one collided.

Wheeler suffered a broken right leg and severe cuts and bruises.

The other car was operated by Clarence Lawrence, 658 Cole street, San Francisco.

Menlo Park

At a tea given at the Allied Arts Guild on Saturday afternoon, June 10, Mrs. James T. O'Keefe announced the engagement of her daughter, Ethel, to Mr. Albert Russell Buchanan.

The bride-elect, the daughter of Mr. and Mrs. James O'Keefe, is a graduate of Stanford University and is the registrar of San Mateo Junior College.

Mr. Buchanan, son of Mr. and Mrs. A. M. Buchanan of Palo Alto, is an instructor in the history department at Stanford University.

The 40 Hours Adoration began yesterday at Corpus Christi Monastery and will continue until tomorrow morning. The devotion began with a high mass followed with a procession in the garden and benediction of the Blessed Sacrament offered up from an improvised altar on the grounds. The ceremony also observed the feast of Corpus Christi. Many priests from the bay counties attended.

From the numerous inquiries being made for real estate it would seem that Menlo Park is in for a big boom in property during the next 90 days. The real estate operators report a brisk business.

Four candidates were initiated into the American Legion Auxiliary Unit Tuesday night. They were Irene Boone, Elizabeth Lyons, Barbara Blanchard, and Clarissa Ross. The local unit now has a membership of 36. The following officers put on the ritual: President Dora Scott Devol, Past-President Helen Beach, First Vice-President Catherine Derry, Second Vice-President Ethel French, Marshall Vada Hinmon, Sergeant-at-Arms Ruth Syverson, Organist Isabelle Lindquist. Mrs. Florence Chess of Burlingame, district president of the American Legion Unit, was present and complimented the officers on their splendid work.

After initiation a short Flag Day program was given consisting of a piano solo by Jack Derry, recitations by Miriam and Freeman Beach, and a vocal solo by Isabelle Lindquist.

President Devol presented Isabelle Lindquist with a unit pin as a reward for her part in securing members during the recent membership drive. She brought in the most members.

W. H. Weeden and K. L. Martin, who were in town for several days, left for Carson Valley, Nevada, to supervise the installation of one of their air ways stamp mills. They will stop at Horns on their return trip to inspect the mill they have in operation there.

Several members of Menlo Park American Legion Unit expect to go to the pilgrimage at Santa Cruz Sunday where a resume of the year's work in California is given. President Devol will attend.

Dora Brett, granddaughter of Mrs. Carol A. Devol, left for her home in Michigan. She made the trip by airplane. Her father, Major Brett, is in command of the air forces at the Michigan barracks. Miss Brett is a student at Sacred Heart Convent and will return to that institution when it reopens in the fall.

Charles Thomas Jr. and Bill Wurstion of Monterey were visitors at the home of Mayor and Mrs. W. H. Weeden last week-end.

Menlo Park's Parent-Teacher Association will hold a public dance and whist party Friday at 8 p. m. at the Central school auditorium on El Camino Real in Menlo Park for the benefit of the child welfare fund. Admission to the affair will cost 15 cents, and a charge of 10 cents extra will be made for those wishing to play whist. Mrs. C. W. Thomas is chairman.

Razing of five buildings in the business district of Menlo Park will be sought by the city council, it was decided at a meeting Tuesday, following the report of a condemnation committee. The structures are deemed unsightly, insanitary and otherwise detrimental. Owners of the property will be invited to co-operate in their removal.

The license for selling beer will cost \$10 per quarter under the terms of an ordinance introduced last night.

City Attorney George Whitworth was instructed to sue five firms for failure to pay their business licenses.

A license fee of \$25 will be charged for maintaining stables within the city. Two ordinances relating to the keeping of livestock were read.

EDITORIALS

Boom in Offing

Redwood City is on the eve of one of the biggest booms in real estate it has ever experienced. The probable sale of the two Stafford blocks on Broadway at an approximate price of \$200,000 and the contemplated improvements on them by the purchaser amounting to as much more means that the buyers have faith in the future of Redwood City. These expenditures are certain to better the unemployment situation and bring a finer feeling among the merchants and businessmen.

Work on the new postoffice, costing \$100,000, it is said, will start next month. This, with other building planned, will cause a building boom, the like of which is seldom seen on any peninsula city.

Only recently the Frank Tanning Company, one of the largest industrial institutions of its kind in the state, has received big orders from the east enabling the concern to run at full strength. It has called back all the old employees on full time and at wages enjoyed by them during boom times. The company has made a record for fairness and is willing to share its prosperity with the men, many of whom have worked for the institution for many years.

With the prospects of a new county port district and with splendid shipping facilities which Redwood City affords, the county seat should bound ahead to large achievements.

Tax Must Be Lifted

The voters on June 27 will be called upon to settle Proposition Number Four exempting from taxation all non-profit private schools.

California is the only state in the union which does not exempt such schools from taxation.

These schools are performing a service which would otherwise be performed by the state, yet for performing this service they are taxed. They come now, not asking to be paid for their service, but to be relieved of the penalty for performing it.

The tax from this property is about \$350,000 per year. If not otherwise absorbed, this tax exemption will result in the increase of the tax rate to the extent of one-half of one per cent on each \$100 valuation of property. This means that if your property is assessed at \$3000, you would pay an additional 15 cents. If these schools are not relieved of the tax burden and if they are forced to close, the state must increase its expenditures to a point where the increase will be far greater.

From a purely economic standpoint, it will be good business to relieve private non-profit schools from taxes.

Dunbar Choice Wise

The Democratic party of California has recognized the loyalty and ability of Charles Dunbar of Santa Rosa by recommending him for the collectorship for the Port of San Francisco. Dunbar has supported his party under all conditions in the state for more than thirty years. He was a former newspaper man of Santa Rosa, his home city, and as such gave editorial support to the Bourbon cause. Often political parties forget to recognize the fealty of their workers and distribute plums to those less deserving. The selection of Mr. Dunbar is a good one. The Democratic leaders in the state may be commended for their choice.

Menlo Park Wife Wins Divorce Here

Mrs. Lucy O'Keefe of Menlo Park today was granted an interlocutory decree of divorce from her husband, John, on the grounds of failure to provide and cruelty. The decree was granted by Superior Judge Franklin Swart after a brief hearing in his court.

The O'Keefes, an elderly couple, were married in San Jose, February 4, 1928. G. G. Sanders of San Francisco was counsel for the plaintiff.

Chief of Police Frank Love and Councilman Eugene Crane will spend the week-end with Mayor Weeden and K. L. Martin at Horonitas.

Redwood City Taxes Become Due June 20

The second installment of taxes becomes delinquent June 20 at 5 p. m. City Collector Nelle Miramontes pointed out today.

Cards reminding the taxpayers of the approaching deadline have been put in the mail. Unless the taxes are paid, a city ordinance provides a 10 per cent penalty, together with additional penalties.

Last year, in order to lighten the tax burden, the rate was reduced from \$130 to \$110 per \$100 of assessed valuation. To do this, a reduction in excess of \$40,000 was made in the budget.

"In order to maintain this reduction," says City Manager E. A. Rollison, "it is necessary that taxes be paid as promptly as possible; otherwise funds to meet even the reduced expenditures will not be available and an increased tax rate to compensate for delinquencies will be necessary."

Attorney Hallinan's Wife Escapes Hurts

Mrs. Vivian Hallinan, Emerald Lake, wife of Attorney Vincent Hallinan, today was revealed to have escaped serious injury when her car and one driven by A. B. Stryker, 64, Redwood City, collided near the lower Emerald Lake dam. Stryker also was unhurt.

tana, where they will make a brief stay with relatives of the bride. They will be away for about a month and will return to Menlo Park by way of Seattle, Portland and Northern California. A new home will soon be ready in Menlo Park and they hope to spend the rest of their lives in the community with which their families have been honorably identified for many years.

After the ceremony on Saturday many close friends of the Morey family had the privilege of viewing the many valuable gifts which were given the groom by friends throughout the entire state. This journal wishes to add its congratulations to Mr. and Mrs. John B. Morey and wish them many long years of married happiness and every blessing which Providence can bestow.

Menlo Park Estate In Probate Court

Kay B. Knudsen, of Monterey, today has on file here for probate the will of his mother, Mrs. Helga Knudsen of Menlo Park, who died June 8.

Hans Knudsen, Menlo Park, surviving spouse, is named as heir to the estate, which is valued at less than \$10,000. Kay Knudsen, the petitioner, and Arthur Knudsen, another son aboard the U. S. S. California, are named as executors of the estate.

Ross & Ross represent the petitioner.

INSTALL Natural Gas HEATING THIS MONTH
AT A SUBSTANTIAL SAVING

Follow this Universal Trend—9 out of 10 Heating Systems Installed Today are for Natural Gas

Because of a Special Offer this month, many people will make the change to Natural Gas heating at once. It pays them to act this month. A Special Discount cutting the purchase price of Natural Gas heating equipment saves them money. The equipment is installed for a very small first payment. They do not pay one cent more until after October 1st.

There are many sensible and good reasons for doing this during the summer. No need for ordering and storing fuel. No bother and expense for repairs of old heating equipment. No need to think of the chores ahead for the coming winter—keeping fires going and cleaning up after them. Instead they can look forward to the enjoyment of whole-house comfort for which there is no other expense other than the monthly bill for fuel after it is used. Without obligation to you, why not have one of your gas company's representatives or your local heating equipment dealer give you an estimate for Natural Gas heating in your home? In this estimate the Special Discount and Special Terms will apply if you act this month.

Low First Payments—Nothing More to Pay Until October 1st.

ICE never hides its cost

The actual cost of Ice is never hidden behind a smoke screen of electric bills, repair bills, depreciation, and unearned interest. With a good Ice refrigerator you see in black and white on your monthly Ice bill the total cost of operation. And this bill is less than half the hidden costs of mechanical substitutes for Ice.

The gleaming white, 1933, low temperature Ice refrigerators provide the safest kind of food protection . . . and sell as low as \$23.50. Easy terms. Ask your Ice man.

Don't fall for Goldbrick offers

There threatens to be a rampage of gold brick selling by food merchants, who will offer a well known article at a ridiculous price provided you buy something else at a high price.

This is a piratical, unfair and deceitful method of doing business. It has caused great trouble in Southern California and has spread to the Peninsula.

President Roosevelt has asked for laws to stop these dirty deals and they will soon be passed.

Meanwhile patronize honest merchants who offer fair prices on everything and do not ask you to buy several things you do not want to get one article you need.

Deadline for County Taxes Falls June 20

County Tax Collector Ambrose McSweeney reported today that over \$500,000 worth of 1932-33 taxes are as yet unpaid. The deadline for payment comes on June 20.

Delinquent property will thereafter be subject to redemption through the office of County Auditor Edward Stack with penalties and costs to be added.

The total charge to be collected for the fiscal year was \$2,665,180.28, the tax collector reports. The collection of the first installment was \$1,394,688.09, leaving a balance of \$1,270,492.19 to be collected in the second installment.

Since the deadline on payment of first installment taxes, the sum of \$687,280 has been collected. This leaves approximately \$583,211 to be collected by June 20.

McSweeney points out that assembly bill No. 822, which extended the delinquency period from April 20 to June 20, also provided that the tax collector cannot accept any 1932-33 tax moneys after that date.

RECENT BRIDE IS HONORED BY PARTY

Mrs. Fred Hunt, a recent bride, was honored at a shower given Thursday evening by Miss Dorothy Allen at her home at 116 Stambaugh street.

The wedding of Mr. and Mrs. Hunt took place Sunday at the First Baptist Church, and they returned from a brief honeymoon trip during the week.

Invited to the shower were Mrs. Hunt, Miss Dorothy Hunt, Miss Pearl Schrol, Miss Isabelle MacPherson and Miss Carmen Pramborg.

Renovize Plan, Young Says, to Be Fully Told

SAN MATEO, June 12.—San Mateo county's renovize campaign will be fully explained at a county-wide meeting in the Burlingame city hall Thursday evening. It was promised today by Ex-Gov. C. C. Young, chairman of the committee. Hundreds of invitations were in the mail today inviting prominent citizens and organizations to be present.

"Plans are being completed," said Young, "for the renovize campaign in San Mateo county. The object is to induce owners of homes and other buildings to pledge they will expend over \$1,000,000 in improving their property. Seventy per cent of this total will go directly to labor. It is estimated that \$700,000 will go into the workingman's pocket as the result of this campaign. This is twice the amount of the unemployment bond issue."

VACATION PLANNED BY LOCAL RESIDENTS

Arthur Lampkin and Frank Archibald are leaving June 23 on a vacation trip to Lake Tahoe. They will visit at Homewood with Edward Greeley, who is there for the summer. Truman Letts and Thomas Ambrose will join the group for a week.

LOCAL PEOPLE VISIT IN SALT LAKE CITY

Word has been received by Redwood City friends of Mrs. D. W. Williams and son, Edward Williams, that they stopped in Salt Lake City this week en route to their summer home at China Lake, Me.

Between the years 1690 and 1720 it is estimated there were more than 2000 pirates afloat off our coast between Maine and Florida.
